Dear Parent/Caregiver and Student

You are invited to attend the inaugural One* Careers Expo on Monday 4 July 2016, 2.30 – 7.30pm at the Golden Grove Recreation and Arts Centre. The expo brings together tertiary and training organisations, providers and exhibitors to help guide the aspirations of our young people. The event also includes special repeat presentations by Ivan Neville, Labor Market Research and Analysis Branch Manager from the Australian Government Department of Employment Canberra. Mr Neville will be presenting information about local labour markets, what employers are looking for in young people and other useful information to help students make informed career choices.

One* formerly known as the (Golden Grove Secondary Schools Campus) is a centre of excellence in Shared Learning, where student choice and opportunity are enriched by a unique collaboration between Golden Grove High School, Gleeson College and Pedare Christian College. This is the first year the three schools have combined for a Careers Expo.

This event is a great opportunity for students as they embark on investigating learning and career pathways beyond their secondary school years. The Careers Expo is appropriate for all secondary students, however, it best suits young people from Year 10, 11 and 12 and their families. The expo will support students to explore ideas and talk to representatives about employment, training and further study and help to confirm and make decisions about subjects and courses for their senior school studies.

We look forward to hosting this event in partnership with One*. Please see overleaf for further details about the exhibitors, date, venue and presentation times.

Yours faithfully

Angela Koehler
Vocational Learning Leader

Paul Wilson
Principal
