Interest Free Information

The below table provides indicative repayment information provided by the online repayment calculator available on the SKYE website.

<u>Device</u>	<u>Device Cost*</u>	<u>Interest Free Term (Months)</u>	<u>Interest Free Monthly Repayment*</u>
Lenovo ThinkPad 11e 5th Gen	\$677.60	6	\$113.00
Lenovo ThinkPad L13 - Silver edition	\$1,182.50	6	\$197.17

ASI Solutions recommends reviewing all terms and conditions and whether the product is suitable for your individual circumstances prior to committing to any finance.

Information can be found at www.skyecard.com.au

Costs shown are for the Device only as listed in **Products available - Under \$1,000.00 and **Products available - Premium Order** tables in the preceding pages above. Should Optional items be added, the Monthly Repayment will vary.*

Repayments shown are indicative and should be verified before committing to any finance agreement

IMPORTANT INFORMATION ABOUT THE REPAYMENTS CALCULATOR

*Interest Free Period has the meaning set out in the Skye Mastercard Conditions of Use and is only available on certain purchase transactions at one of our Skye retail partners. ** Calculator assumptions: a) The repayments calculator is only an estimate and results from this calculator should be used as an indication only. They do not represent either a quote or pre-qualification or approval. This calculator should only be used as a guide to see how repayments can vary when you change the finance amount and Interest Free Period. Fees and charges are payable and the calculator does not take these into account. b) You don't make any purchases or cash advance transactions on your Skye Mastercard until the Interest Free Period ends or the amount of the relevant purchase is paid in full. c) To take advantage of the Interest Free Period, the indicative monthly repayments stated would need to be made by the due date for each statement period. Therefore, you repay the purchase amount on your Skye Mastercard in full within the Interest Free Period. This monthly repayment excludes the \$99 Annual Fee, charged at the time the first debit is charged to your Skye Account and annually on the anniversary of that date. The Annual Fee must be paid in full within 90 days of it being charged or interest will be charged on it. The calculator assumes no additional purchases, cash withdrawals, fees or charges are incurred. d) In this instance, the indicative monthly repayment is the finance amount divided by the Interest Free Period. Please note, the minimum monthly repayment is 3% of the Eligible Unpaid Balance (as defined in the Skye Conditions of Use) or \$30, whichever is greater. Making only the minimum monthly repayment would not repay the finance amount within the Interest Free Period. Interest, (charged at the Expired Promotional Rate) will be payable on any outstanding balance after any Interest Free Period. View current interest rates. e) Approved Skye Mastercard applicants only. Fees, charges, terms, conditions and minimum finance amounts apply.
